

**RUPRECHT-KARLS-UNIVERSITÄT HEIDELBERG**

**INSTITUT FÜR INFORMATIK**

The Faculty of Mathematics and Computer Science of the University of Heidelberg invites applications for the

**W 3-Professorship for Computer Science.**

The University of Heidelberg offers an environment with a wide range of applications in the natural sciences and the arts, in particular within the framework of the initiative of excellence. The main focus of Computer Science in Heidelberg is on applications in these fields.

To intensify the interdisciplinary research in the area of high performance computing we are looking for a person who develops novel methods of high performance computing in the context of interdisciplinary projects and applies them to diverse fields. A focus on parallel and distributed systems or visualization and exploration of large scientific data sets is preferred. The position in

cludes teaching Computer Science classes, in particular in the field of applied Computer Science and the training of future teachers.

The University of Heidelberg seeks to increase the number of qualified women in teaching and research and strongly encourages applications of women. Handicapped persons with equivalent qualifications will be given preference.

Applications (hardcopy and electronic) with the usual documents (curriculum vitae, list of publications, record of teaching activities, research plan) should be submitted until 16.11.2009 to Dekan der Fakultät für Mathematik und Informatik, Universität Heidelberg, Im Neuenheimer Feld 288, D-69120 Heidelberg, Germany.

Please send copies, applications cannot be returned.
