First name _____

Confirmation: I hereby confirm that I am registered student at Heidelberg University and did not lose my entitlement to take examinations in the Master's program „Data and Computer Science“ or degree programs with related contents. I achieved at least 45 credits in course work (credits of the application area not included).

Signature Candidate

Master's thesis:

Examiner _____

Topic of thesis (working title): _____

Preparation period Beginning _____

End _____

Second examiner (proposal)

The second examiner has to be an authorized examiner of the Institute of Computer Science.
Please clarify this with the Examination Office

Please read carefully the information about master theses on our webpage
<https://www.informatik.uni-heidelberg.de/studium/master/msc-thesis>

IMPORTANT NOTES:

Please submit this document before the beginning of the preparation period, but at the latest 14 days after.

Submission of the thesis before the submission deadline is only possible in justified exceptions.

According to the examination regulations (§19 (4)), the colloquium for the Master's thesis must be announced sufficiently in advance. This deadline has been set to at least three working days before the presentation date. Unannounced presentations of theses are considered not to have been carried out and must be repeated after appropriate announcement.
